Carol, I just wanted to say what a pleasure it was working with you. With my husband being out of town your assistance was greatly appreciated. I would recommend you to anyone selling their home. Your expertise and judgment on pricing our house is what I believe helped to sell it so quickly and at a good price. You were on top of everything and acted very quickly with whatever problems arose. We were gratefully thankful for all your help! ~**Lucy Perla – 690 Cascade Drive North**

Hi Denise, THANK YOU for all your help on selling our house! We could not have done it without you. You went above and beyond, and for that we truly thank you. You really made it easy for us by doing all the things with the fire inspection, getting the bedroom set to stage the home, and all the other staging things you did for us, all the paperwork, contract mailing, FAXing, etc! Your advice and guidance was much appreciated. You just really understood the challenges of our living so far away. We know you spent a lot of hours getting the place ready and looking good, as well as all the open houses. We could go on and on, but please know, it was a pleasure working with you. We were really blessed to have you represent us! ~**Jeff and Teri (Fierko) Walker – 40 Clifford Court**

Carol came highly recommended to me as being very professional, knowledgeable and competent. She was extremely helpful with ideas for staging my mom's house to get it ready for sale after she had to move out to a care facility. With her guidance, we were able to sell my mom's house in 2 months in a very tough market. She went the extra mile to bring papers to me when I was on a very busy schedule and not able to come to her. My family was ecstatic with the way Carol led us through the entire process and got us a quick sale at a fair price. Carol handled the sale of her house and it freed us up to handle the important care of our mother. I would highly recommend Carol to anyone who is looking to sell their house. ~**Ray Snyder – 9 Buttonbush Court**
