

NEIGHBORHOOD WATCH

It has been brought to my attention that on the night before Recycling Day, a man was seen going through the news paper/ paper bags that were put at the curb.

Please be very careful what papers you place in the recycling bags/ bins etc. Anything pertaining to your personal identity etc. on your papers should be shredded, torn up or cut. You don't want a stranger to get hold of your important information and then use it.

How many of you have noticed Villagers and your neighbors driving past the speed limit/ very fast on the side streets that happen to be several blocks long i.e. Peppergrass Dr. S, Peppergrass Dr. N, Cascade S. and Cascade N., just to name a few!

Please slow down, be conscious of your surroundings so all of us are safe! We certainly don't want an accident to occur where someone is hurt.
